## About the Products

All First Mark foam plates, platters and bowls offer the following attributes:

- Deep profile plates for superior strength
- Extra wide bases on bowls prevent tipping and spilling
- Elegant rim design matches all other products within the line
- Available in multiple sizes for versatility

*Polypropylene products offer maximum safety, superior break resistance, and low cost economy. Polystyrene products give cutlery superior strength, rigidity and performance.*

## Cups

Foam cups are insulated to keep beverages hot or cold while protecting the users' hands. Versatile and snug fitting lids can be used with hot or cold beverages.

## Plates, Platters, and Bowls

Economical, convenient, and sturdy enough for any application. For additional durability and strength, choose laminated plates that deliver superior performance and cut resistance.

## Hinged Containers

First Mark Foam containers provide maximum flexibility and convenience for any food service operation. Single or three compartment containers are compact for space saving storage with simple and secure closures. Perfect for take-out, buffets, delis, or catering.
